IMPROVEMENT PLAN

Vision

The vision of School of Science and Technology is to prepare students for academic success in their future education, enable students to have a broad spectrum of options for their future endeavors, and prepare them to be responsible and productive citizens.

Each child has an inherent curiosity and love of learning; and each has a unique intelligence, capability, and learning style. With this in mind, we will create a student-teacher-parent/guardian triad. Our students will strive toward their highest levels of capability with an education addressing their individual learning styles, thus fostering within them a life-long love of learning.

Mission

“Our mission at School of Science and Technology (SST) drives and socio-emotional development through a rigorous college preparatory, STEM-based learning model. SST’s model is anchored on 21st century skills, embraced by character building approach, and delivered in an enriching, safe, and student centered learning environments.”

Core Values

We believe that excelling in math and science prepares youth to succeed in college, the workplace, and the 21st century. School of Science and Technology schools demonstrate that, with a high-quality program and the right social and emotional supports in place, all students, regardless of racial or economic background, can achieve outstanding results. School of Science and Technology has developed a set of core values that inform and guide the organization in all aspects—from the classroom to the central office—and contribute to a consistent, results oriented culture across all regions and schools.

School of Science and Technology Core Values:

- High Expectations: Every student will learn and grow into a successful and productive citizen.
- Dedicated Staff: We do whatever it takes to help our students reach their goals.
- Working Together: Our students, parents, and staff work in School of Science and Technology to create a strong community of success.
- Character Matters: We guide our students to value integrity, show respect, and be responsible.
- STEM for All: Every student will graduate with a strong understanding and appreciation of STEM and how it connects to the real world.

Per federal statute, the CIP must be

“developed with the involvement of parents and other members of the community to be served and individuals who will carry out such plan, including teachers, principals, and administrators (including administrators of programs described in other parts of this title), and, if appropriate, pupil services personnel, technical assistance providers, school staff, and, if the plan relates to a secondary school, students from such school” ([Elementary and Secondary Education Act](#), Section 1114[b][2][B][ii]).
